

Swamp Flip-Flop

Finn and Flossy Frog are enjoying a good game of blanket toss. They are hopping, flipping, and flopping all over the place.

Keep track of all the places they land. Write the answer. If there is a color word, use that color to fill the answer space on the blanket.

$\frac{5}{9}$	$\frac{5}{10}$	$\frac{2}{3}$	$\frac{8}{10}$
$\frac{5}{5}$	$\frac{4}{6}$	$\frac{2}{7}$	$\frac{3}{8}$
$\frac{1}{9}$	$\frac{8}{20}$	$\frac{6}{11}$	$\frac{3}{12}$
$\frac{13}{13}$	$\frac{1}{14}$	$\frac{2}{5}$	$\frac{5}{6}$
$\frac{3}{4}$	$\frac{2}{4}$	$\frac{1}{13}$	$\frac{20}{20}$
$\frac{2}{8}$	$\frac{2}{6}$	$\frac{7}{7}$	$\frac{6}{8}$
$\frac{1}{7}$	$\frac{3}{6}$	$\frac{1}{11}$	$\frac{4}{8}$
$\frac{10}{20}$	$\frac{5}{7}$	$\frac{3}{9}$	$\frac{2}{13}$
$\frac{1}{6}$	$\frac{7}{7}$	$\frac{1}{5}$	$\frac{6}{12}$
$\frac{40}{50}$	$\frac{2}{9}$	$\frac{12}{12}$	$\frac{1}{10}$

1. Frannie does $\frac{4}{5}$ of a turn.
Which fractions are $\approx \frac{4}{5}$?
Color the squares BLUE.
2. Finn twists $\frac{1}{4}$ turn.
Which fractions are $\approx \frac{1}{4}$?
Color the squares RED.
3. Frannie does one full flip.
Which fractions are ≈ 1 ?
Color the squares PURPLE.
4. Finn does $\frac{4}{14}$ of a flip.
Which fraction is $\approx \frac{4}{14}$?
Color the square GREEN.
5. Frannie twists $\frac{4}{10}$ of a turn.
Which fractions are $\approx \frac{4}{10}$?
Color the squares YELLOW.
6. Finn jumps $\frac{1}{3}$ of the way to the ceiling! What fraction is $\approx \frac{1}{3}$?
Color the square BROWN.
7. Frannie does a half flip.
Which fractions are $\approx \frac{1}{2}$?
Color the squares PINK.
8. Is there a fraction on the blanket that is larger than $\frac{12}{12}$?
Circle yes or no. yes no
