Class: $\qquad$

## Race to 100!

Directions: Take turns with your friend rolling three dice. Whoever correctly adds the numbers on the three dice the fastest, wins that round. Their score for the round is the sum of the three numbers.

Keep rolling the dice until one player scores 100 (or more) total points. Keep track of your scores below.

You can also play this game by yourself and see how fast you can add the numbers. How long does it take you to score 100 points?

| Round\# | Player name: | Player name: | Player name: |
| :--- | :--- | :--- | :--- |
